THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, Prescot Street, Liverpool, dated 8th June, 1851.

To Professor Holloway,

Sir,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; for it appeared she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three boxes she is now in the enjoyment of perfect health. I could have sent you many more cases, but the response from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMEN'S LAND.

A letter inserted in the Hobart Town Courier, of the 31 March 1851, by Major J. Walch, Margaret M'Cunnigan, nineteen years of age, resident at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless—extreme prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement—August 2d, 1851.

To Professor Holloway.

Sir,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now relieved, by their means, comparatively active, and can take exercise without inconvenience or pain which I could not do before. (Signed) HENRY COE, North street, Lynn, Norfolk.

The celebrated Pills are wonderfully efficacious in the following Complaints

Ague	Fevers	Scrofula, or King's Evil
Bilious Complaints	Fevers of all kinds	Sore Throats
Costiveness	Piles	Stone and Gravel
Colics	Gout	Secondary Symptoms
Dropsy	Head-ache	Tic Douloureux

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, *WASHINGTON.*

No. 22 State Street, . . Boston.

IMPORTANT INFORMATION TO INVENTORS. The subscriber (late Agent of the U. S. Patent Office, under the Act of 1837) determined to present advantages, in applying for patents, superior to those offered inventors by others, has made arrangements whereby on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty*, as paid back by others) will be remitted by him in case of failure to obtain a patent, and the withdrawal through him within thirty days after the rejection. Caveats, Specifications, Assignments, and all necessary papers and drawings, for procuring patents in this and foreign countries prepared, and advice rendered on legal and scientific matters respecting inventions, and infringements of patents.

Inventors can not only here obtain their specifications on the most reasonable terms, but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries; besides being saved a journey to Washington, the usual great delay there, as well as all personal trouble, in obtaining their patents. Copies of claims of any patent furnished by remitting one dollar. Assignments recorded at Washington.

R. H. EDDY,
Solicitor of Patents.

"During the time I occupied the Office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor of Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors to the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

"EDMUND BURKE,"
Late Commissioner of Patents:

"PATENT OFFICE,——

"R. H. EDDY, Esq., Boston, Mass.

"Sir—Your facilities for the prosecution of any business connected with this office, are equal to those of any other agent. I am very respectfully, yours, &c.,

The People's Medicine!

—or—

DR. LANGLEY'S

Sarsaparilla, Yellow Dock, Wild Cherry, Prickly Ash, Dandelion, Thoroughwort, and Rhubarb

ROOT and HERB BITTERS!

Decidedly the great Medicine of the world for the hard money.

"Buy me and I'll do you good."

THIS invaluable compound has now been before the public three years, during which time nearly *Three Hundred Thousand Bottles* have been used, thus proving it the most popular Medicine of the age. No poisonous drugs or minerals, such as Opium, Antimony, or Mercury, under any of their hydra headed, kill-all forms, compose any part of these Bitters. The medicinal virtues of the best Roots, Herbs, and Barks in the world are so compounded as to act in concert with nature. They cure and eradicate from the system Liver Complaint—that main wheel of so many diseases.—Jaundice, Bile, Dyspepsia, Costiveness, Humors of the Blood and Skin, Indigestion, Nervous Headache, Piles, General Debility, and the host of kindred diseases arising from a disordered stomach, or bad humoured Blood. On the approach of warm weather most persons are troubled with Languor, Drowsiness, and general lassitude of the system. This if neglected, leads to Jaundice, loss of Appetite, Indigestion, Debility and decline. Langley's Bitters are just the thing to obviate all difficulties of the kind. They regulate the bowels, stimulate the circulation, purify the blood and by a constant use keep off diseases so common in Spring and summer. Coughs and Colds, are by its use broken up and cured at once. In short, this medicine is safe for all ages and conditions and in all climates. It always does good, and never does hurt. No lying certificates, no flaming handbills or costly wrappers are used to puff it into notice. All who try it there will say, be more than 200,000 persons can testify, that one Bottle will do them more good than forty Latin prescriptions of poisonous drugs, by which so many persons are annually killed.

The effect of this medicine upon the system is most wonderful—Its healing, cleansing and purifying qualities operate with magic-like power upon all classes of diseases for which they are recommended. All who use them like them, because they ARE what they PROFESS to be.

Sold in Bangor, Oldtown, Orono, Brewer, Hampden and Frankfort, and by all dealers in Medicines in Bangor. Ingraham & Fuller, and Guild & Harlow, Wholesale Agents to the trade, to sell again. 97 Union street, Boston, is the Wholesale Depot.

Abdominal Supports of five or six different kinds, and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingall's, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr John C Warren of Boston, was given 16 years since, but will last forever:

BOSTON, January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F Foster, to supply the deficiency occasioned by the death of Mr Heath. After some months of observation of his world, am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants as regard to those important articles.

JOHN C. WARREN, M.D, Boston.

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary:

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the notice of such persons as may be afflicted with that and similar complaints. Mr. Foster's success in the manufacture, and adapting them to the body, giving ease and comfort, to the wearer, surpass (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr. C. Warren, is a sufficient guaranty for all who may favor Mr F. that his instrument will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. M STUART.

Wilbor's Compound of

PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA, BRONCHITES, GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS!

THE Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly that the taste of the Oil, which is so nauseous to persons generally, is entirely overcome, and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the clear oil, the following case, by Prof Stone, is sufficient to convince the most skeptical. The young lady was twenty-four years of age.

"Her disease was one of unmixed phthisic which had been expected to terminate in the course of a few months, fatally. The upper part of both her lungs were filled with tubercles, and in some places were beginning to soften. The case was evidently a bad one. The treatment of Cod Liver Oil was at first used, but without marked improvement. The Phosphate of Lime was then administered with the oil, and the result, as in the case of many others, was soon apparent. The patient was rapidly getting well."

CAUTION.—On account of the great reputation of this Compound for all lung complaints, the subscriber would caution the public against using any except that manufactured by him, as he has the only receipt in the United States for combining the pure Oil with lime in a proper manner. Therefore as you value your health, purchase none except that manufactured by

LAWS OF THE UNITED STATES

Passed during the Second Session of the Thirty-second Congress.

[PUBLIC ACT—No. 27.]

AN ACT to regulate the terms of the District Court of the United States for the district of Iowa.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That instead of three terms annually of the district court of the United States for the district of Iowa, as now prescribed by law, there shall hereafter be held annually six terms of said court, as follows: At Dubuque on the first Mondays of January and July; at Iowa City on the first Mondays of May and October, and at Burlington on the third Mondays of May and October.

SEC. 2. *And be it further enacted*, That all process, bail bonds, and recognizances returnable at the term of said court at Dubuque, Iowa City and Burlington, respectively, shall be returnable and returned to the court next to be held at the place where said process, bail bonds, and recognizances are made returnable, and all continuances may be made to conform to this act.

SEC. 3. *And be it further enacted*, That all acts and parts of acts inconsistent with the provisions of this act, be and the same are hereby repealed.

Approved February 26, 1853.

[PUBLIC ACT—No. 28.]

AN ACT making appropriations for the support of the Military Academy for the year ending the thirtieth of June, one thousand eight hundred and fifty-four.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums be, and the same are hereby, appropriated out of any money in the treasury not otherwise appropriated, for the support of the Military Academy for the year ending the thirtieth of June, one thousand eight hundred and fifty-four:

For pay of officers, instructors, cadets, and musicians eighty-eight thousand two hundred and sixty-six dollars;

For commutation of subsistence, two thousand one hundred and ninety dollars;

For forage for officers' horses nine hundred and sixty dollars;

For repairs, fuel, and apparatus therefor, forage for public horses and oxen, postage, stationery, printing, and other incidental and contingent expenses, twenty-nine thousand six hundred and sixty dollars;

For increase and expenses of the library, one thousand dollars;

For expenses of the board of visitors, three thousand dollars;

For completion of the new mess-hall, three thousand five hundred dollars;

For stable for dragoon and artillery horses, eight thousand dollars;

For forage for dragoon and cavalry horses, eight thousand six hundred and forty dollars;

For additional pay of fifty dollars each to the soldier employed in the adjutant's office as clerk, and to the two enlisted men employed in the philosophical and chemical department, one hundred and fifty dollars;

For the construction of a wharf, four thousand three hundred and thirty dollars.

Approved March 2, 1853.

[PUBLIC ACT—No. 29.]

AN ACT to provide compensation to such persons as may be designated by the Secretary of the Treasury to receive and keep the public money, under the fifteenth section of the act of sixth August, eighteen hundred and forty-six, for the additional services required under that act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the depositories which have been, or may be, designated by the Secretary of the Treasury, under the fifteenth section of the act of the sixth of August, eighteen hundred and forty-six, to receive payments and give receipts or certificates of deposit for public money from miscellaneous sources, other than the transactions of the respective offices for which they are or may be commissioned, may be paid in full compensation for receiving, safely keeping, and paying out such public money, after the first day of March, eighteen hundred and forty-nine, at the rate of one-half of one per centum for the first one hundred thousand dollars; one-fourth of one per centum for the second one hundred thousand dollars; and one-eighth of one per centum for all sums over two hundred thousand dollars. Any sum which may have been allowed to such depository for rent or any other contingent expenses in respect to the custody of such public money, being deducted from such compensation before any payment shall be made therefor: *Provided*, That no compensation shall be allowed for the above services when the emoluments of the office of which said designated depository is in commission amounts to the maximum compensation fixed by law, nor shall the amount allowed to any of said designated depositories for such services, when added to the emoluments of the office of which he is in commission, be more than sufficient to make the maximum compensation fixed by law: *And provided, further*, That the whole allowance to any designated depository for such services shall not exceed fifteen hundred dollars per annum.

SEC. 2. *And be it further enacted*, That the sum of twenty thousand dollars be, and the same is hereby, appropriated to meet the allowance which may be made under the provisions of this act.

Approved March 2, 1853.

Nomination of Governor Crosby.

The whig members of the legislature in general caucus have renominated Governor Crosby as the whig candidate to the important station he now holds, and the duties of which he discharges with a zeal for the public interest and with strict fidelity and great ability. Governor Crosby adorns the office by a highly cultivated intellect, by ripe scholarship, and with a heart which knows no guile. He has not been schooled in politics to learn its crooked ways, and cannot adopt them; but what experience he has had in them, must lead him to avoid and [illegible]

The nomination was unanimous and cordial in accordance with the established usage of the whig party, and in perfect agreement with the sentiments of the people. The manner in which the Governor has discharged his public duties, amidst the difficulties which have surrounded him, shows him to be admirably fitted for the station he holds and [illegible] the greatest confidence in the people as a man who stands the great interests of the state and humanity are safe in his hands.

Governor Crosby has promptly approved the Maine Law, by his signature and on account of this act he has been assailed by the advocates of rum power.

Senator Carey with a sharp partizan foresight has endeavored to make it appear that the whig party of Maine is the temperance party. Senator Chase was in so great a hurry to find an issue that would answer some purpose at the coming election, that he could not wait an hour to have the draft of the Maine law amended to obviate his objections, but he rushed through a speech, copies of which have been greatly multiplied, and are sent all over the state though of less use than a last year's speech, because the bill was perfected in such a manner as to remove all the prominent objections brought against it in his speech. He says that the friends of the bill proposed to him but he said that these amendments would take the bottom out of his speech. He broke off at any rate and off it went, but it was a speech applicable to the law as it passed the legislature and is now before the people, but not an imperfect draft of a bill then before the Senate. The speech was made to answer a purpose and that purpose a political one and of the effort of Mr Carey to make it contribute political aid and comfort to those men call the democratic party and to defeat the election of Governor Crosby.

[illegible] the people will disappoint the calculations of those who invoke the rum power to shower political gains into their hands. As sure as the people of the state will do justice to themselves and the state the honor to re-elect Governor Crosby has proved himself to be—as we have deemed all the promises of his friends. He has not disappointed his enemies. He has proved himself a true man and a true and upright public officer. Let the people show that he receive their commendation, encouragement and support.

We write very cheerfully to place the name of Governor Crosby conspicuously in our columns as a whig candidate, and in a willingness to endorse and repeat all our previous commendations of his ability, honor and fitness for the station he holds and to which he is again to be called by the voice of the people.

Religious Summary.

Missionaries belonging to the London Missionary Society, have found it necessary to flee from Tahiti on account of the arbitrary and unjust proceedings of the French Governor, acting as directed by Napoleon III. Fines and imprisonments have been the portion of several. One may ask what crime is having a conscience.

A Mormon paper published in Liverpool, said to circulate 23,000? At a late Conference, 160 Elders, 21 priests, 23 teachers, 67 deacons, and 2,332 members were reported. They mainly belong to the lower and ignorant classes.

There are fourteen Protestant schools in Constantinople, and 26 Protestant sermons are preached in or near that city, every Sunday.

Three of the mission stations of the London Missionary Society in South Africa, have been destroyed wantonly by the Boers, a predatory and lawless race in that country. The house of Dr Livingston, containing all his goods, was pillaged with savage fury. All his books were cast into the field, and himself forced to flee to Kurumane. The Boers declared their regret that they did not find Dr L when they plundered his house. We hope his valuable life may be saved to make still further explorations in that country.

The King of Persia is collecting and organizing a regiment of soldiers from among the Nestorian Christians. He has lost confidence in his Musulman subjects, since the attempt on his life last summer by some of the Babel sect. It is conjectured that the King intends to make this regiment a part of his body-guard. This will be unpleasant for the missionaries in Mesopotamia.

The African mission (Episcopal) is to be augmented by the furnishing of a missionary post at Liberia, under the auspices of the Rev A. Crummel, now of ——— College, Cambridge (England.) Mr C. will be accompanied by three other clergymen like himself, of color, whose appointments will soon be announced.

Since Thursday the 10th ult., the Rt. Rev. the Provincial Bishop of New York, has confirmed 169 persons, 5 of whom were converts from Romanism.

A few Sabbaths since, while the congregation of Rev. Mr. Giusiani, were assembling for worship in their church in Cincinnati, they were attacked by a party supposed to be Romanists. Mr. G. is a convert from Romanism, and has already planted three churches, all the members of which were also converts from Romanism.

The Rev. E. Philips Day, formerly a Monk in the church of Rome, preached, not long since, a sermon at Broad street Independent Chapel, England, to the juvenile portion of his flock, entirely in *words of one syllable.*

The *Univers*, a Jesuitical paper in Paris, states "That of the 32 Protestant Bishops in the United States, 9 are considered as approaching singularly near to Rome, and the ministry of the pulpit, in the States of New York and North Carolina, has very decided Catholic tendencies."

Rev Mr Butler recently addressed a missionary meeting of 65 persons, in the Methodist Episcopal church in Leominster, Mass., and 29 of the number pledged themselves to pay $100 for the missions of that denomination.

A correspondent of the Home and Foreign Record, writing from Turin, says, in regard to a statement in Romish papers of thousands of proselytes to that faith, "All we know is that our chapel is filled with Roman Catholics three times on Sunday, and well attended every evening during the week, that there are always fifty or sixty adults catechumens, and a large and increasing number of communicants, that the Protestant weekly newspaper and books are circulated freely, and Bibles are sold publicly. Surely this looks somewhat towards Protestantism."

The Presbyterians of St. Louis, are endeavoring to have the Old School Presbyterian Theological Seminary for the West, located in that city.

The number of Lutherans in this country and Europe is estimated at 4,000,000, of this number, 1,000,000, are in this country, in Protestant Germany 25,000,000, in Sweden 3,000,000, of this denomination is Mrs. Jenny Goldsmitd.

Father Gavazzi is delivering a series of lectures on the Pope of Rome and his system of religion in New York. He speaks sincerely and boldly what he believes to be true. The dividing line between Romanism and Protestantism seems to be drawn closer and closer throughout the whole Christian world. A battle of argument is being fought in England, and in America Father Gavazzi, untrammelled by any sectarian tactics, has already fired four or five broadsides at Rome and her mitred Son.

We learn that Rev Dr Hitchcock, President of Amherst College, will deliver the address before the Rhetorical Society in Bangor Theological Seminary, at its anniversary in August next.

Professor C. E Stowe of Andover, has gone on a tour to Europe. Mrs Stowe accompanies him. Her brother Rev Charles Beecher, of Newark, New Jersey, is a passenger in the same steamer.

By the religious papers, we see that since the Fast and prayer for colleges, the religious interest in our Seminaries of learning has been increasing and deepening. Seldom have we ever known the interest so generally felt as at the present time. IOTA.

Those Hens!

A correspondent complains bitterly that his neighbors hens come into his garden and scratch off the blossoms of his beautiful snow drops, uncover the hyacinths, mar the tulip leaves and do him great mischief and vex his soul. His case is a hard one. He has by thorough drainage and high culture, and the procurement of bulbs and flowering shrubs, lengthened the season of garden delights some two months and for all this pains taking he is annoyed by his neighbors fowls. It happens too that he keeps hens himself, but keeps them shut up.

The practical and approved hen law is this: 1st. On the appearance of hens in the garden give the owner notice.

2d. On their second appearance kill them and throw the bodies over the fence of the owner. On all subsequent appearance of hens, through the season, one to the fourteenth of November, kill and eat them!!

Bangor Savings' Bank

At a meeting held on Monday April 4th, 1853, by the Trustees of the Bangor Savings Bank, the following report was made by the Treasurer. There has been received into this institution since its commencement May 5th, 1852 to April 4th 1853, a period of eleven months, from 83 depositors, the sum of $13,882 65. Withdrawn in same time 2821,57, having a balance now on deposit of $11,061,08. Fifty-six depositors were entitled to dividends under the by-laws amounting to $119,23, which was declared by the Trustees, and is payable on Monday, next April 11th.

It appears from the above statement that this useful institution is rapidly growing into favor and confidence with the public, and particularly with that class of persons, whose interest it is especially designed to promote—the industrious and frugal portion of the community. Here they can save and lay by something for a period of life when they will be less able to earn a comfortable support, or accumulate a sum sufficient to establish them in business or buy them a homestead.

☞ The Bark Eastern Belle will be launched this day, from Tewksbury's yard about 11 o'clock A. M. This vessel is owned by Chase & Littlefield, A. P. Guild, P. B. Mills, J. W. Humphrey, E. Ellison, A. D. Manson, Chas. Sawtelle and Albert Emerson.

Also from Dunning's yard, adjacent to Tewksbury's, at a quarter before eleven o'clock, brig Abby Thaxter, of 226 tons. She is owned by Messrs W. H. Parsons & Co., Hatch & Thompson, A. P. Guild, Thomas Rice, A. D. Manson, Chase & Littlefield, and Sidney Thaxter. She is to be commanded by Capt. H. Steele.

☞ We would direct attention to the advertisement, in another column, of the Quincy House, Boston. This is a strictly temperance house and great pains are taken to spread a table equal those of the first quality. Our friends who have tried the Quincy like it very much, and then the proprietor of this house goes upon the even keel of former prices and board there is less than at the other first class hotels.

☞ The venerable Mr. Abel Hutchins, so widely known for years past as the landlord of the Old Phœnix Hotel, at Concord, N. H., died on Monday evening, at the advanced age of 91. His wife, with whom he had lived 68 years, died about a week since, at the age of 88.

☞ The Superior Court of New York have sustained the injunction against the Broadway Railroad, not, because the Common Council have not the constitutional power to grant such a road, but because they had not opened proposals to the highest bidder. Will not the same principles apply in all cases in which city or town authorities dispose of property unless the same be exposed at public auction?

☞ Schooner Ocean Star, of Newburyport, sailed from Prince Edward's Island Dec 25th, for Boston, and left Gut of Canso Jan 2d, and has not since been heard from. She had a cargo of grain and fish, and was commanded by Capt. Blake, of Castine, formerly of sch. Duroc, lost, and was manned by the Duroc crew, most of whom belonged at Castine. The Ocean Star was a fine vessel of 85 tons, two years.

☞ The Christian Watchman and Reflector says that out of 190 Baptist Ministers in Massachusetts, during the four years ending April, 1852 170 changed places, and six died, leaving but four stationary. For the same period 61 out of 71 Baptist pastors in New Hampshire changed their fields of labor, three died, leaving seven, the remainder, settled over the same people.

☞ It is stated by a correspondent of the New York Journal of Commerce, as among the effects of high rents in that city, that one of the dealers in fancy iron ware has a kind of iron bedstead which can be folded into a small space, and put in a closet if desired. He says immense quantities of them have been sold within a short time—the purchasers adopting this way of economizing.

Prolific Cow

Mr Editor—Mr Luther B Lamb of Orland has raised from one Cow, within one year six Calves that are all doing well. The mother died at the birth of the last three. Who *beats this?*

☞ There is no fortune so good but it may be reversed and none so bad but it may be bettered. The sun that rises in clouds may set in splendor, and that which rises in splendor may set in gloom.

☞ Hon Thomas F Marshall has not been killed by one of his tenants, as the telegraph has reported. The man killed was his cousin, General Thomas A Marshall.

☞ Rev Mr Baker, recently a minister of the Episcopal Church in Baltimore, publicly renounced his faith, April 5th, and made a formal profession of the Roman Catholic faith.

☞ The ice made its final exit from the shores of the Kennebec on Wednesday morning last week. The river is now clear of ice to its mouth.

To the Editor of the Whig and Courier

In connection with the advertisement in your paper of to day, it is proper that something should be said in respect Dr Pond's Lectures on Phrenology.

Near the commencement of each Seminary year, the Dr is accustomed to give a course of Lectures to the Students, on Mental and Moral Philosophy. In connexion with these Lectures he is naturally led to consider the subject of Phrenology, which claims to be the *true* science of mind.

By some means, a notice of these Lectures, or of that part of them which relates to Phrenology got into the Bangor papers last autumn, and was extensively copied into other papers, throughout the country. This gave notoriety to what would otherwise have been a mere Seminary exercise, and the author has been often solicited since that time to repeat his Lectures in public. He has at length concluded to do so on consideration that the entire details of them shall go to increase the Library of the Seminary.

Our citizens have often had the opportunity of hearing Lectures on this subject, every year for a long time, and sometimes more than once in a year, we have been favored with lectures, and examinations of heads, but hitherto all have been upon *one side*.

The Public will now have an opportunity of hearing something *on the other side*.

Dr Pond has bestowed a good deal of thought and labor upon these lectures, and we bespeak the patronage of the citizen generally, with the hope that they may be satisfied that they have received an equivalent for their money, while they will have the additional satisfaction of knowing that they have aided in promoting a very important and worthy public object.

WASHINGTON, April 6

Senator Downes was confirmed to day Collector at New Orleans.

In consequence of Major Stevens's appointment as Governor of the Territory of Washington, the Coast Survey Office in this city has been placed under the immediate direction of Capt. Benham.

The reconnoissance of a northern route for the Pacific Railroad has been confirmed to Major Stevens, and he is organizing an efficient company, numbering from forty to fifty, and embracing eminent scientific gentlemen and engineers, for the purpose. He designs starting from St. Paul, Minnesota, proceeding by the most direct route to Puget's Sound. Two or three other routes via New Mexico, &c, are to be explored by parties who will probably be under the direction of the Topographical Engineers. Not only the best railroad route but also much valuable scientific information is anticipated from the surveys. Gov Stevens, on arriving out proposes to proceed immediately to organize the Territorial Government.

There is a rumor of a change in the Cabinet. Mr. Dobbin, it is said is to take Mr Cushing's place and Mr. Cushing is to take Mr D's, and go abroad?

Among the confirmations to-day were those for New Orleans, viz. Potter, for Surveyor, Ben Venu, Superintendent of the Mint, John M. Bell, Sub-Treasurer, and Beattie, for Surveyor.

Also, Gen. McCormick, Postmaster at Baton Rouge, Alfred Fox, Collector of Cape Vincent, H D. Smith, Collector of Plattsburgh. The Judges of Minnesota were also all confirmed.

The following are among the nominations: J. R. Davis, Superintendent of the Mint, Georgia; Hodgen, Consul at Rome; D. A. Smalley, Collector of Burlington Vt; G. K. Judson, Marshal of Miss.

The Post Offices of New Orleans lies between Kendall of the Pueyune, Walker of the Delta, and Mr. Brewer.

ARRIVAL OF THE

Daniel Webster and Philadelphia at New Orleans, with the Mails—Loss of Steamer Tennessee—Passengers saved—Mining news favorable—Gold discoveries in Oregon—Fire at Weaverville.

NEW ORLEANS April 6

Steamer Daniel Webster, with California dates to March 15th, has just arrived.

The Steamer Tennessee, from Panama for San Francisco, was totally lost near the latter port. She went ashore in a fog. She had 600 passengers, all saved. The Tennessee was valued at $200 000, one half insured in England. Much anxiety is felt at San Francisco, concerning the Vanderbilt steamer Independence, from San Juan, over due 30 days. The steamer Sea Bird had gone in search. She was seen off Cape Lucas, Feb 15th. Hopes are entertained that she had put into some intermediate port.

The news from the mines continue favorable.

Gold mines of great value have been discovered in Oregon.

The Bandit Joaquin still continues his depredations is hotly pursued.

Ship Contest cleared at San Francisco in less than 100 days from her leaving.

The town of Weaverville, Trinity county, has been destroyed by fire. Loss $100 000.

Flour fluctuating but closed dull, owing to considerable arrivals. Quotations $11 to $12½.

Mess Pork $38 to $40. Clear, $40.

Hams twenty four to twenty six cents.

Butter forty five to fifty cents.

Adamentine candles twenty nine to thirty cents.

Keg lard thirty one cents.

Bacon shoulders twenty two cents.

NEW ORLEANS, April 7

The steamer Philadelphia from Aspinwall has arrived with $200 000 dollars in gold, with the California Mails and 130 passengers. The news anticipated by Daniel Webster.

The Philadelphia reports that the Illinois sailed from Aspinwall, for New York 1st inst with two and a half millions in gold and 600 passengers.

EXTRA SESSION OF THE SENATE.

WASHINGTON, April 6

Mr Sebastian moved an investigation into the charge of fraud, &c against Mr. Alexander Ramsay Indian Agent. Agreed to.

The Senate proceeded to the consideration of Mr Badger's resolution providing for the publication in the National Intelligencer of the proceedings of the late legislative session—Subject postponed.

The Senate then went into executive session.

After the Executive Session, Mr Seward offered a resolution calling on the President for information concerning the proceedings of Commander Hollins at San Juan. Adopted.

Mr Chase offered a resolution that the proceedings of the Senate shall be public and open except in cases where confidential matter is communicated by the President.

The Senate went into Executive Session again and then adjourned.

IMPORTANT FROM AUSTRALIA.—The following extract of a letter dated London 18th March ult, may be relied on as accurate, coming as it does from a house of the first respectability.

"Later news since our last letter to you has been received from Australia—our dates are now from Sydney to 24th December from Adelaide to 3d January and King Georges Sound, to 10th January. Fresh discoveries of Gold continued to be made and the production large—Four Millions of ounces (said to say sixty eight millions of dollars) in gold dust in all has been shipped or brought to the seaboard, up to 31st December. Flour is quoted at last dates at £23 sterling per ton.

The screw steamer Sydney has arrived here with about eight hundred thousand pounds sterling in bullion (or say nearly four millions of dollars). Money is easy at previous rates.

☞ The Boston Journal says that money negotiation is attended with less difficulty in the street. Rates are quoted nominally the same but concessions are made on the best quality of paper, and the inclination is evidently towards a reduction.

Mr Editor—Sir, having been victimized on a small scale by a good man, in his obtaining my note for about thirty dollars, I would say to that man that he reminds me of the man that stole the livers from the blind cat and then kicked her out of door because she was blind.

WE DAILY HEAR of the most astonishing cures being effected by that great and popular medicine, the genuine B. G FARRELL'S ARABIAN LINIMENT and we can truly say, from our own knowledge, that no medicine ever discovered has performed the same wonderful cures it still does, both in man and beast, and it is equally good for both, which makes it so truly valuable. It is thought to be without a rival by the sufferers, as the greatest blessing of the age and no one would ever allow himself to be without this sovereign balm, who had once witnessed its magic power over disease, and its wonderful potency in relieving pain however severe, in a few minutes' time. We earnestly desire you to call upon the agent, who will furnish you free of charge a small book containing besides other valuable information a large list of certificates from many of the most respectable persons of cures effected by this celebrated medicine, which surely are one right to convince the most sceptical of its transcendent virtues. We not only several certificates of rheumatism cured after the patient had suffered everything but death for five to twenty years. Also cases of paralysis—loss of sight—deafness—blindness—where the flesh had withered leaving nothing but a parchment skin and bone presenting so sad a spectacle that the FRIENDS LOOKED UPON HIM AS ALREADY BEYOND ANY HUMAN EFFORT to relieve. It is not to be supposed that many of the most respectable physicians prescribed them BEYOND ANY HUMAN EFFORT to relieve. It is not to be supposed that many of the most respectable physicians prescribed this remedy known for burns, sprains, bruises, chilblains, neuralgia, toothache, bites of insects, sore throat, croup, sore or weak eyes, tumors, inflammation, pain, etc., and is used with unbounded success in most of the ailments which require and cattle such as sweeny, fancy spots, broken knees, wounds of all kinds, lameness, swelling, galls or old fresh sore eyes, garget, blindness, etc. Hundreds in the beginning of fistula, poll-evil, ringbone and spavin it will invariably stop their further progress. Every family should keep this valuable medicine on hand ready for an emergency.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE, OR NOCTURNAL EMISSIONS, etc. The astonishing success which has attended this valuable medicine, for *Loss of Muscular Energy, General Lassitude*, and *General Prostration*, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled by any medicine. There is no other reliable remedy, or any thing else that can be authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested, and its virtues proclaimed by the highest names of the faculty of London, Paris, and the principal cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS HEADACHE and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of self destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have indulged it by Sensual Excesses, or evil practices. It has been said by some that these disorders, emotions were incurable. This however is not the fact. DR. MORSE'S INVIGORATING CORDIAL has been constantly during these complaints—relieving the mental and bodily incapacity of the unfortunate victim as the following testimony of the names recorded will conclusively show:

Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using the cordial, thus—"It gives me pleasure to inform you that one of my patients while in hospital, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr W., I thought it hardly possible for him to regain his full strength. I prescribed the usual medicine used in these cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure. I am sure no medicine would do it but it shall ever be recommended when an opportunity occurs."

The nature of the maladies relieved by this Cordial generally such as to leave the publication of certificates of course out of the question and the proprietor only introduces a few of the most conclusive testimonials that the great reputation it enjoys was not acquired, but is firmly based upon its positive and apparent intrinsic virtues. In all directions for use it is the most powerful of healthy restoratives yet discovered. I not have been so but for the extraordinary cures. And it is equally potent for many diseases not recommended.

THE MEDICAL JOURNALS have not in a single instance that has been authenticated given their sanction to any other preparation for the above complaints. In this, in many violent and desperate cases effected radical cures after patients had been abandoned, and in other conditions pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION of those who have used this Extract is—"I had heard Cordial highly spoken of, but was one of those who doubted in regard to its merits having tried various things sold for the same purpose, of different strength but derived no any benefit. I had almost given up the hope of obtaining relief when I purchased your Cordial. I had no faith whatever of its efficacy—but what I feel strongly bound to bear testimony to, although it is but three weeks since I commenced using it, I have used but half a dozen bottles. I look will cure me. Other says—"I was surprised at the effect your Cordial had. Why had I not tried it before? It would have saved me much expense, besides years of mental and bodily suffering."

AUTION—Ask for Dr Morse's Cordial and take no other as there are worthless imitations which its unrivalled excellence fame and popularity have brought to the market. It will not hurt the most delicate female but do good. Beware of all other Cordials, &c. (of any kind.)

Persons conscious of physical inability from the above name may confidentially consult Dr Morse, personally or by letter (post paid) at his office 78 Sudbury street Boston. The necessary advice and medicine for the speedy removal of such debilitating weakness will be forwarded to the writer's address.

Testimonials can be produced to warrant a perfect cure in every case to any applicant.

Prepared by M. Morse M. D., New York city.

Self Acquired Fame!

DR JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

This celebrated Medicine, notwithstanding it has never had the advantage of a newspaper puff, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract and perfectly safe to be administered even to the most tender child and alike astonishing and satisfactory in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, give it a fair trail and we promise you a relief of Coughs Colds, Asthma Bronchitis Whooping Cough Influenza, Spitting of Blood and all Lung Complaints, Chronic Diarrhoea, and Dysentery in all of which cases it should be used liberally. The effects of its external application are as Rheumatism, Spinal Diseases Sprains, Stiffened Limbs, Bruises Burns, and all descriptions of wounds are magical. Persons troubled with Cramp in the Stomach, Side or Bowels, Sore Throat Piles &c by a combined internal and external application of this Anodyne, cannot fail of a speedy cure. The proprietor can produce volumes of testimonials in its favor but prefers to let it carry its own recommendations as it has done for forty years past. We ask no man to put faith in an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica—the inventor of this article was in the constant and successful practice of medicine for more than forty years.

This is to certify that having been troubled for a number of years with a distressing cough and bleeding at the lungs and receiving no benefit from medical aid, in 1848 I had every appearance in the last stage of consumption. My lungs swelled so that I was unable to stand or help myself. At that time your Liniment was providentially recommended to me, and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I say to you I think your Anodyne Liniment was the means of saving my life.

JOSH F ATKINS

Lancaster, Sept 29, 1852.

Dear Sir—In consequence of having a sore on my leg it became entirely stiff at the knee. It was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment and by using three bottles, my leg was thoroughly strengthened and for a number of years I have been able to use it about as well as the other. I consider myself indebted to the use of your Liniment through the goodness of Providence, for the use of my leg, and I say to others who may need help in this way, try it and you will be cured.

THE GREAT REMEDY FOR Coughs, Colds and Consumptions.

THE *VEGETABLE PULMONARY BALSAM* is probably with out a parallel in having during a period of more than *Twenty-five years*, full by maintained the high reputation which it has acquired for COMSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS, THROAT and CHEST. It has been used with probably greater success than any other article known, and Physicians who have had an opportunity of witnessing its highly salutary effects, recommend it as a safe and very efficacious medicine, equal if not superior to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States, who prescribed it in individual to whom it gave the most astonishing relief. It is composed of, and if used according to direction, must be perfectly safe.

From Messrs Shen & Co, Merchants, Cincinnati.—"Those persons who have used the Vegetable Pulmonary Balsam, uniformly speak of it as a valuable medicine, and from the quantity sold, note, notwithstanding the number of other preparations used for similar complaints, we consider it first on the list.

Respectfully, &c, ALLEN & CO

The Editor of the *Seneca Falls Courier* says—"We have had occasion to witness the good effects of the Vegetable Pulmonary Balsam in our family, in case of a young lady who has been east rely cured of Consumption by the use of it, and also in severe coughs and colds, and cheerfully bear testimony to its being a safe, convenient and very effective medicine in cases of that description.—Ed Courier

A Clergyman from Philadelphia, writes, that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family, for the last thirteen years and also of recommending it to his friends, and considers it an invaluable remedy for all pulmonary complaints.

"For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the chest, as being equal if not superior, to any other medicine within my knowledge.

Lewiston, N H TRUMAN ABELL, M D."

ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J S HOUGHTON, M D Philadelphia, Pa

"DIGEST!" Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. None of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot take water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.

SCIENTIFIC EVIDENCE

The Scientific Evidence upon which this remedy is based is the highest degree convincing and remarkable. Call on the Agent and get a Dr Pepsin's Circular containing the amount of scientific evidence from Liebig's Animal Chemistry, Dr Combe's Physiology of Digestion, Dr Pereira on Food and Diet, Dr John W Draper of New York University, Prof Dunglison's Physiology, Prof Silliman, of Yale College, the Carpenter's Physiology &c together with reports of cures from all parts of the United States.

PEPSIN FLUID AND POWDER

Dr Houghton's Pepsin is prepared in Powder and in Fluid Form—is Prescribed by Physicians for the use of Physicians. Fluid Pepsin with directions for use, sent by Mail free of Postage, 1 Pint Bottle $1, sent to Dr Houghton Philadelphia.

CAUTION—BEWARE THIS!—Every bottle of the genuine Pepsin bears the written signature of J S HOUGHTON, M D sole proprietor, Philadelphia. Copyright and Trade Mark secured.
